7 HOURS WATER

NEW SUPPLY STARTS TO-MORROW.

Position Safer Although Still Below Average.

3 INCHES OF RAIN NET 120 MILLION GALLONS.

More Rain Will Give Immediate Increase In Supply.

A seven hours' water supply will be given daily in all parts of the Colony, commencing to-morrow, according to a report issued from the Hon. Director of Public Works this morning.

The hours in most districts will be from 6 a.m. to 9 a.m. and from 4 p.m. to 8 p.m., thus resuming the hours of supply that were in force on May 11.

The Hon. D.P.W., Mr. H. T. Creasy, informed the "China Mail" that the hours of supply will be increased immediately as the storage in the reservoirs increases and further rainfall will be followed by further lightening of the restrictions. He added that care would have to be taken to ensure a sufficiency of water for the early months of next year, which was the dry season.

The Maintenance Engineer of the Waterworks said that yesterday's rainfall resulted in a gain of 120,000,000 gallons in the storage, and that the total storage was now more than 1,000,000,000 gallons, which is considerably below the average. In spite of the great increase, he said, conditions were far from normal and further considerable rainfall would have to be forthcoming before a safe amount could be collected.

The rainfall from 10 a.m. on Saturday to 10 a.m. on Sunday was 0.08 of an inch, while 2.82 inches fell from 10 a.m. yesterday to 10 a.m. to-day. One hundred and twenty million gallons of water entered the reservoirs up to 7 a.m. this morning as a result of the week-end storms.

Commencing on Tuesday, June 14, at 2 p.m. a seven-hours' supply from the mains will be given throughout the Colony each day at the hours specified below:—

- (a) Area between Robinson Road and Caine Road.
4.00 a.m.—7.00 a.m.
2.00 p.m.—6.00 p.m.
- (b) Bowen Road.
6.00 a.m.—9.00 a.m.
5.00 p.m.—9.00 p.m.
- (c) Conduit Road and May Road, and Peak Road.
6.00 a.m.—9.00 a.m.
5.00 p.m.—9.00 p.m.

Remainder of the Colony.
6.00 a.m.—9.00 a.m.
4.00 p.m.—8.00 p.m.

New Group Street Fountains.
A 14-hours' street fountain supply will be given from the new group street fountains daily from 6.00 a.m.—8.00 p.m. commencing on Wednesday, June 15.

TYPHOON FILLED UP.

To-day's weather report issued from the Royal Observatory states:—

Pressure is highest in the Pacific to the East of Hokkaido, and low over S. China; the typhoon has apparently filled up.

Forecast:—S.W. winds, moderate, cloudy, occasional rain.

THRILLING RESCUE OF AIRMAN

TOSSED ON ATLANTIC WAVES FOR EIGHT DAYS

HAUSNER LIVED ON SANDWICHES AND RADIATOR WATER.

SAVED BY DUMPVALVE DEVICE

New York, To-day.

The graphic story of how Stanley Hausner was tossed on the Atlantic in a derelict aeroplane for eight days and nights and how he lived on sandwiches and radiator water was told by wireless to Hausner's wife by Captain Wilson, skipper of the British tanker, Circle Shell, which picked up Hausner, exhausted but unhurt last night.

Mrs. Hausner was overjoyed. She declared that her prayers had not been in vain, although she had never lost faith in Stanley's safety.

Hausner was forced down on the evening of June 3, the day he hopped off.

The Circle Shell is due in New Orleans on June 27.

In the meantime an appeal has been broadcast asking for any passing vessel to pick up Hausner's drifting machine, which is in good condition.

New York, Later.

The airman Hausner's life was saved by a dumpvalve device fitted to the petrol tanks of the aeroplane so as to enable the pilot, in case a landing had to be made on water make the pontoons stop. On alighting on water, the two dumpvalves close, thus preventing an influx of water, and forming airpockets which buoyed up the aeroplane.

Picked Up By Steamer.

New York, Yesterday.

A wireless message sent from the s.s. Circle, and relayed by the Atlantic liner Leviathan, says that the steamer has picked up an aviator from a derelict monoplane, bearing numbers which have been identified in New York as those of Stanley Hausner's machine, in which he was attempting a non-stop flight to Warsaw.

The machine was found 500 miles west of Oporto. — Reuter.

Stanley Hausner who started a trans-Atlantic flight at the end of May but was forced to return, began on his second attempt on June 3. He hoped to fly to Warsaw without a stop.

Hausner left Linden (New Jersey) on May 28 in a Bellanca 220 h.p. machine but returned after six hours owing to instrument trouble.

VIOLET SHARPE'S SUICIDE.

Pitiless Third Degree Methods the Cause.

NEW JERSEY OFFICIAL'S ADMISSION.

Mrs. Morrow's Statement.

New York, Yesterday. Both the press and the general public believe that Violet Sharpe's suicide was provoked by pitiless third degree police methods. Mrs. Morrow, the employer of Violet Sharpe, declares, "the poor girl was simply frightened to death." It was pointed out that Violet Sharpe was a highly strung and sensitive girl who became nervous and more nervous at each police examination, and finally a doctor had to be summoned to prevent her collapse.

The Chief-Inspector of the New Jersey police, who is avowed to be an exponent of third degree methods, in a statement said, "the girl was both fresh and impertinent from the start until the Lindbergh baby was found, and then she became a bundle of shivering nerves on the verge of collapse. Then we went to work." — Reuter's American Service.

Police Case Collapses.

New York, Earlier. The Police case against Violet Sharpe has collapsed as it is learned that she was not motoring with Benkert on the night of the kidnapping. But with a man having the same Christian name, Benkert, the American Service.

HOOVER AND THE U.S. BUDGET.

Pessimistic in Spite of The Monumental Proposals.

"FURTHER FEDERAL ECONOMIES."

(Reuter's Special Service.)

Washington, Yesterday. President Hoover is said to have told several Congress leaders at the White House that even the monumental proposals now under consideration will not be able to balance the Budget.

He estimated that further federal economies amounting to approximately between \$150,000,000 and \$200,000,000 would be necessary before the Budget could be balanced.

"COLLOIDAL" FUEL FOR CUNARD.

Experiment Which May Prove Prosperous.

London, Yesterday.

An experiment which may mean the revival of prosperity in the British coal industry is being made on the Cunard liner, Scythia.

On her voyage to New York from Liverpool, she will use the "colloidal" fuel, which is a mixture of 90 per cent oil and 10 per cent pulverized coal. This fuel is said to be more economical than ordinary coal.

ETONIANS WELCOME KING AND QUEEN.

Their Majesties Attend Divine Service.

(Reuter's Special Service.)

London, Yesterday. Eleven hundred Etonians lined the streets and cheered when Their Majesties the King and Queen, accompanied by the Princess Royal and Earl Harewood, visited Eton College. To-day to attend the divine service.

Later in the day a crowd of 5,000 people gathered to see the King and Queen at the windows of Windsor Castle when the massed bands of the Life Guards and the Scots Guards played on the East Terrace of the Castle.

MORE OLYMPIC ATHLETES.

Philippine Representatives in the Colony.

"STRONGEST TEAM WE HAVE EVER SENT."

Olympic Record Holder.

Following close on the heels of the Indian Olympic hockey eleven the Philippine Island athletes for the 1932 Olympic Games arrived in the Colony this morning by the Tatsuta Maru.

In an interview with the "China Mail", Mr. Candido C. Bartolome, the manager of the team of seven, said, "It is the strongest team we have ever sent to an Olympiad, and I fully expect at least four of the boys to gain points."

The party consists of seven competitors—three swimmers, three boxers and a high jumper. Another boxer and an assistant coach, both of whom were unable to catch the Tatsuta, will follow the team next week.

Describing the team, Mr. Bartolome said that they had a strong contestant for High Jump honours in Simeon Toribo, who was a member of the last 1926 Filipino Olympic team which visited Paris. On that occasion Toribo secured fourth place with 6 feet 4 inches.

Idelfonso's Promise. Teonilo Idelfonso, who secured third place in the 200 metres Breast Stroke championship in Paris in 1926, is the only other member of the team who has participated in Olympic encounters. He represented the Philippines at the Far Eastern Olympic games at Tokyo in 1928. At this meeting he beat Taurito, the winner at Paris in 1926, over the 200 metres, so that great things are expected of him this year at Los Angeles. He is now at the top of his form and is swimming better than ever.

Record in Manila. Adjaludin Jikiron, who is another contestant for the 200 metres swimming event, has broken the Olympic record for the distance, clipping off 1/8 of a second. This notable feat was accomplished at a recent meeting in Manila when he swam the distance in 2 minutes 47 seconds.

DEATH OF MRS. DE VALERA IN NEW YORK.

Mother of Irish Free State President.

New York, To-day.

Mrs. De Valera, mother of Eamon De Valera, President of the Free State, died at her home in New York, to-day, at the age of 80. She was born in Ireland and came to America in 1890. She was a devoted mother and a strong supporter of her son's political career.

SHIP AGROUND AT WEI-HAI-WEI.

Sheng King Disaster in Thick Fog.

BRITISH DESTROYERS TAKE OFF 350 CHINESE.

"Crack" Vessel of China Navigation.

Wei-hai-wei, To-day. H.M.S. "Wren" and the salvage tug, "Brock," are taking off 350 Chinese passengers from the Chinese steamer, "Sheng King," which went aground on Chiming Island, fifteen miles east of Wei-hai-wei.

The accident occurred in thick fog, while the vessel was on her way to Tientsin. — Reuter.

32 FOREIGNERS.

Destroyers Standing By.

Wei-hai-wei, To-day. There were thirty-two foreigners on board the British steamer "Sheng King," all of whom have been rescued, and, together with Chinese passengers, conveyed here safely by two British destroyers and an Admiralty tug. Lighters are being sent to save the vessel's cargo, while destroyers are standing by to prevent piracy. — Reuter.

The Naval Intelligence supplied the following report:— 8.30 p.m. June 12, a.s. "Sheng King" with King, with 350 passengers on board ran ashore in a fog on Chiming Island 15 miles East of Wei-hai-wei. Two British Destroyers and one British Admiralty Tug were immediately despatched from Wei-hai-wei to go to her assistance. British men of war are taking off all the passengers. Weather conditions are good.

A "Crack" Ship. The Sheng King, the latest asset to the China Navigation Company, is the "crack" vessel of the coastal fleet, having accommodation for 165 passengers—saloon 39, 1st class Chinese passengers 20, 2nd class Chinese passengers 56 and steerage 60. She also has space for about 100 deck passengers. Her gross tonnage is 2,999.

Built by Messrs. Scotts Shipbuilding and Engineering Co. only last year, she passed through the Colony in March this year, and is on the Shanghai-Tientsin run, touching Wei-hai-wei and Chefoo. She is commanded by Capt. N. H. Leitch, and her Chief Officer is Mr. D. C. Cameron. Her crew numbers about 70.

Of sixteen knots speeding capacity, she is driven by Geared Turbines of single reduction. Her length is 300 feet, breadth 46 feet, and depth 25 feet.

FOUR CHINESE ARRESTED.

At Chengkaotsu Station.

SEQUEL TO JAPANESE TROOP DYNAMITING.

Incriminating Evidence.

Tokyo, To-day.

The Japanese Police arrested at Chengkaotsu Station, thirteen miles to the East of Harbin, four Chinese who are alleged to have been implicated in dynamiting a Japanese troop train on April 18.

General Mr. Tsung-tsun, who is alleged to be connected with the Tientsin dynamiting, was arrested on June 10. He is said to have been in Harbin on the night of the explosion. He is now being held in custody.

NO MORE REPARATIONS IS GERMAN CRY

PARIS OPINION INDICATES EVENTUAL CANCELLATION

BRIGHTER HOPES FOR LAUSANNE

MACDONALD'S EFFORTS PROVING SUCCESSFUL.

Berlin, To-day.

"No more reparations" is the slogan of all political parties.

Any Government pledging itself to pay "tribute" will certainly be swept out of existence. Consequently Herr N. Von Papen, present head of the Cabinet, will make it perfectly clear at Lausanne that Germany "cannot" pay reparations any longer.

Paris, To-day.

"We are determined to do everything we can to reach decisions at Lausanne which will remove a good many of the economic troubles in Europe and get the economic machine re-working properly," said Premier Ramsay MacDonald to the Press after Anglo-French discussions. He was speaking on behalf of Sir John Simon and himself.

Mr. MacDonald emphasised that their transactions had not been official but they have just been expressing their views by thinking aloud. The delegates had not tried to bargain or compromise, but had found that they were thinking on very much the same lines.

The Governments were determined to make Lausanne effective, and to obtain a good, practical decision.

AMERICA RESIGNED.

New York, To-day.

The proposed World Economic Conference will not be convened until late in the Autumn, opine American authoritative quarters, according to the Baltimore Sun's Washington correspondent.

The United States' present plan is to get the Conference started before the United States Presidential Elections in November and to continue it after the elections in order that the American delegates may then be able to freely give their views on tariffs and reduction of war debts, without embarrassing President Hoover's political chances.

TEXTILE COMBINES' RESULTS

FINE SPINNERS PASS ALL DIVIDENDS.

Losses Reduced from Previous Year's Figures.

The directors of the Fine Cotton Spinners' and Doublers' Association announce that they cannot recommend any distribution to shareholders in respect of the year ended March 31 last. This announcement is not altogether surprising in view of the heavy call which had to be made on undivided profits to pay the preference and preferred ordinary dividends for 1931-1, and in view of the fact that no interim distribution was made during the year. Shareholders, however, are likely to be pleasantly surprised by the results of the year's working as stated in the directors' announcement. After charging \$150,000 for depreciation there was a loss of \$110,663, whereas for the previous year, after charging \$180,000 for depreciation, the loss was \$226,944. When it is remembered that the financial year just ended included six months before the suspension of the gold standard in this country, it will be appreciated that the reduction of the loss is a creditable performance, especially since tariffs and currency restrictions must have increasingly hampered the combine's foreign trade towards the end of the period.

The profit and loss account is credited with a sum of \$200,000 transferred from taxation provision no longer required, and \$200,000 is transferred to reserve against investments in and advances to subsidiary companies. The following table, illustrating the results of the last three years' working, is based on the assumption that debenture interest required the same amount in 1931-2 as in the two previous years:—

ROUND HONG KONG'S CINEMA THEATRES

OFFICIAL SOURCES.

MME. RENEE CHEMET.

Remarkable headings featured the press accounts of the recent series of violin recitals given in Tokyo by the distinguished French artist, Madame Renee Chemet.

A glance at recent Tokyo journals reveals very convincingly the fact that Madame Chemet has conquered music-lovers there in a most remarkable manner. Tokyo critics claim that Mme. Chemet is not only a star among women violinists, but she should be ranked without much hesitation among the best men violinists.

Renee Chemet, it would appear, has become extremely popular in Japanese musical circles. This however, merely confirms the impressions of her host of admirers in her native France, Middle Europe, British Isles, Spain, Portugal, Switzerland, the United States, Mexico and Cuba, in which countries Chemet has been a prime favourite for many years.

The great French violinist will appear in a recital here late in June. The event promises to be one of the most interesting musical treats ever afforded enthusiasts in Hong Kong, especially as it is planned by the Management to have the artist appear in one of the largest and most comfortable theatres. The actual date of the concert will be announced later.

"SHE'S MY WEAKNESS"

Heralded as the most delightful light comedy treat of the season, "She's My Weakness," Radio Pictures' adaptation of the successful New York stage hit "Tommy," opens on Thursday at the Queen's Theatre.

The picture features clever young Arthur Lake and vivacious Sue Carol in the leading roles, and their portrayal of two young lovers so typical of the present day is said to mark a new high spot in the careers of both.

"She's My Weakness" boasts a supporting cast of exceptionally talented players. Lucien Littlefield, father of the girl, gives one of the best-liked featured players in motion pictures. Helen Ware, who has contributed several unforgettable roles in talking pictures, plays the mother. William Collier, sr., one of the legitimate stage's best loved players, also is seen to advantage. Alan Buncie plays an important role—a character he created in the original stage version during the play's 80 weeks on Broadway.

The picture was directed by Melville Brown, recognised as Hollywood's most adept director for light comedy productions.

"THE MIRACLE MAN"

"Motion Pictures are like jigsaw puzzles; they are scattered bits which must be joined together to create a whole picture," said a Paramount studio authority recently.

According to this authority, the uninitiated layman would be in a state of confusion were he handed the 1,500-odd pieces of film in Paramount's talking production of "The Miracle Man" and told to paste them together to make a complete cinematic story.

For the film editor, however, it is different. He has three ways of checking his scenes in chronological order.

Before a scene before the lens a slate on which is numbered the scene in relation to the script number, as the sound equipment starts, a technician gives a further check

by announcing into the microphone a serial number. At the laboratory, another set of numbers is used, marked on the edge of every foot of film, they designate sixteen numerical frames to each enumerated foot.

All three of these markings may then be checked with the report of the script girl which shows what action place in each scene and what dialogue is spoken.

With these guides to aid him, the cutter assembled his scenes as they came through so that, little by little, he made a complete picture of the story of "The Miracle Man," the new sound version of the famous story, which features Sylvia Sydney, Chester Morris and other famous stars.

"GOOD SPORT"

Among the many whose life plans were completely upset by the World War is John Boles, who plays the leading male role opposite Linda Watkins in the Fox production "Good Sport," coming next Thursday to the King's Theatre.

A medical student at the time of America's entrance into the big fight, Boles temporarily laid aside his text book, and donning the uniform of an Intelligence Officer went to France. At an impromptu concert his voice caught the ear of a noted vocalist who advised him to take up singing as a life career. After serious thought and following the armistice Boles took his

advice and cultivated his voice under de Reszke and Seagle in Paris. While Boles does not sing in "Good Sport," his role is said to afford him the opportunity for some splendid dramatic acting.

In the role of the girl is Miss Watkins, delectable blonde star who recently made her screen debut in "Sob Sister." Among the other featured players are Greta Nissen, Minna Gombell, Hedda Hopper and Allan Dinehart. The cast is complete with Claire Maynard, Louise Beavers, Sally Blane, Betty Francisco and Joyce Compton. The production was directed by Kenneth MacKenna, from William Hurlbut's screen play.

ADMIRALTY MATTERS AND NANKING.

Nanking, June 6. It is understood that the Ministry of Communications has submitted a memorandum to the Executive Yuan recommending that special Arbitration boards or divisions be established in the various Courts for the adjudication of maritime disputes, accidents at sea, etc. Qualified experts in maritime law are to be appointed as members of the proposed divisions.

Hong Kong As Locale For "Talkie"

"China Seas" --- A Story Of The Piracy Menace

RACE MEETING SCENES EMBODIED

CAMERA MEN IN COLONY TO GET "ATMOSPHERE."

Hong Kong is to be the venue of a full-length talking film, entitled "China Seas."

The story will deal with the piracy scourge on the China Coast and is laid chiefly in Hong Kong and the Philippines.

Two Metro-Goldwyn-Meyer camera men, Mr. Ira J. Morgan and Mr. Roy Scott have just completed taking the atmospheric shots.

In an exclusive interview with the "China Mail" Mr. Scott related some details of the work that had been done in Hong Kong in connection with the production.

Most of the scenes in Hong Kong are of the native quarter, West Point featuring largely in many scenes. General views of the Island were secured from the Harbour, both from Green Island and Kowloon Bay. Other scenes were taken at the Sixth Extra Race Meeting, The Giraffe winning the Victoria Stakes for Australian ponies, being one of the features. Shots of the horses being led in were also taken, as well as general views of the crowd.

Some of these scenes will be embodied in the film, although most of the Hong Kong scenes will be essentially Chinese.

The picture is to be released by M-G-M in October next, in America, and will feature Clark Gable in the leading male role. Greta Garbo was to have played the leading lady in the picture, but owing to the recent dispute in Hollywood over wage cuts, she is returning to Sweden, and will not be available for the production.

The remainder of the cast has not yet been chosen, but it is anticipated that Joan Crawford will take Garbo's part in the film, which is to be directed by Tod Browning. "China Seas" will probably reach Hong Kong in the beginning of the new year.

Commenting on the possibilities of the Orient as a ground for producing films, Mr. Scott said that there was scope enough in Hong Kong for many types of stories. "The native quarter has indeed proved a 'happy hunting ground' for us, and our task has been an easier one than we anticipated. We have secured genuine colour here, and that is the object of our visit. The East has always been a potential location, but I think this is the first time Hong Kong has been used as a background for a full length film. Had we not found sufficient material here we should have had to pay visits to Canton or Macao."

NANKING-SHANGHAI TELEPHONES.

Nanking, June 5. Complete resumption of normal service on the Nanking-Shanghai long-distance telephone line is expected in another week as a result of urgent repairs now being made. Partial resumption of the service was effected last month when repairs were completed of four of the eight lines that constitute the system. The other four lines suffered heavier damage and have necessitated extensive repairs.

WIGHTMAN CUP FOR AMERICA

BRITISH TEAM LOSE BY 4-3 AT WIMBLEDON

CRITICISM JUSTIFIED

BRITAIN AND GERMANY TO PLAY IN DAVIS CUP SEMI-FINAL.

Wimbledon, Yesterday.

The United States lady tennis players repeated their success of last year when they defeated the British ladies by the narrow margin of four matches to three in the Wightman Cup match at Wimbledon on Saturday and Sunday.

The victorious American team was comprised of Mrs. Wills-Moody, Miss Helen Jacobs, Mrs. L. A. Harper and Miss Sarah Palfrey. The British team was composed of Miss Betty Nuthall, Mrs. Fearnley-Whittingstall, Mrs. Mitchell and Mrs. King.

The defeat of the British side, though by a less margin than last year, has fully justified the criticism of the selectors, who were content to rely on the old guard instead of allowing youth to have its opportunity. Miss Stammers and Miss Scriven were both passed over when their inclusion might well have broken the Americans' chain of successes.

Great Britain, however, registered a triumph in the Davis Cup series when she defeated Poland by four matches to one to pass into the semi-final round of the European Zone. Germany, by a sensational win over Ireland by four matches to one, qualified to meet Britain in the semi-final.

Warsaw, Yesterday.

Britain accomplished what was expected of her when she eliminated Poland in the third round of the Davis Cup by 4 matches to 1. H. G. N. Lee strove hard to give Britain a clean-sweep victory, but Tloczynski revealed excellent form throughout the match to win in four sets. Perry met with unexpected resistance from Stolarow, but won in straight sets after some dazzling tennis. The doubles match provided Hughes and Perry with an easy victory, the Polish players securing but two games in the three sets. Full results as cabled by Reuter were as follow:

G. P. Hughes and F. J. Perry (Britain) beat Hebda and Warminski (Poland) 6-0, 6-2, 6-0.

F. J. Perry (Britain) beat Stolarow (Poland) 6-3, 7-5, 6-4. Tloczynski (Poland) beat H. G. N. Lee (Britain) 6-4, 6-4, 2-6, 7-5.

Earlier Results.
H. G. N. Lee (Britain) beat Stolarow (Poland) 6-4, 6-3, 6-3.
F. J. Perry (Britain) beat Tloczynski (Poland) 7-5, 8-6, 6-2.

Great Britain will now meet Germany in the semi-final for right of entry into the Final of the European Zone, where the winners will probably meet Japan.

Ireland Go Down.

Berlin, Yesterday.
Lytleton Rogers and the Irish team came a cropper in Berlin to-day when they were somewhat surprisingly beaten by the large margin of four matches to one. Germany has thus reached the semi-final of the European Zone, but in local tennis circles it is feared that the team will not be strong enough to offer a serious challenge to the British contingent.

Tea Interval Scores in Home Cricket.

London, Saturday.

The following were the tea interval scores in the first-class cricket matches to-day as cabled by Reuter:—

Surrey v. Essex at the Oval.

Essex: 192 for 8.

Middlesex v. Worcester at Lord's.

Worcester: 227 for 6.

Kent v. Yorkshire at Tonbridge.

Kent: 122 for 4.

Somerset v. Nottingham at Taunton.

Somerset: 175 for 9.

Hampshire v. Derbyshire at Southampton.

Derby: 186 for 4.

Northamptonshire v. Warwickshire at Northampton.

Northants: 64 for 3.

Leicestershire v. South American XI at Leicester.

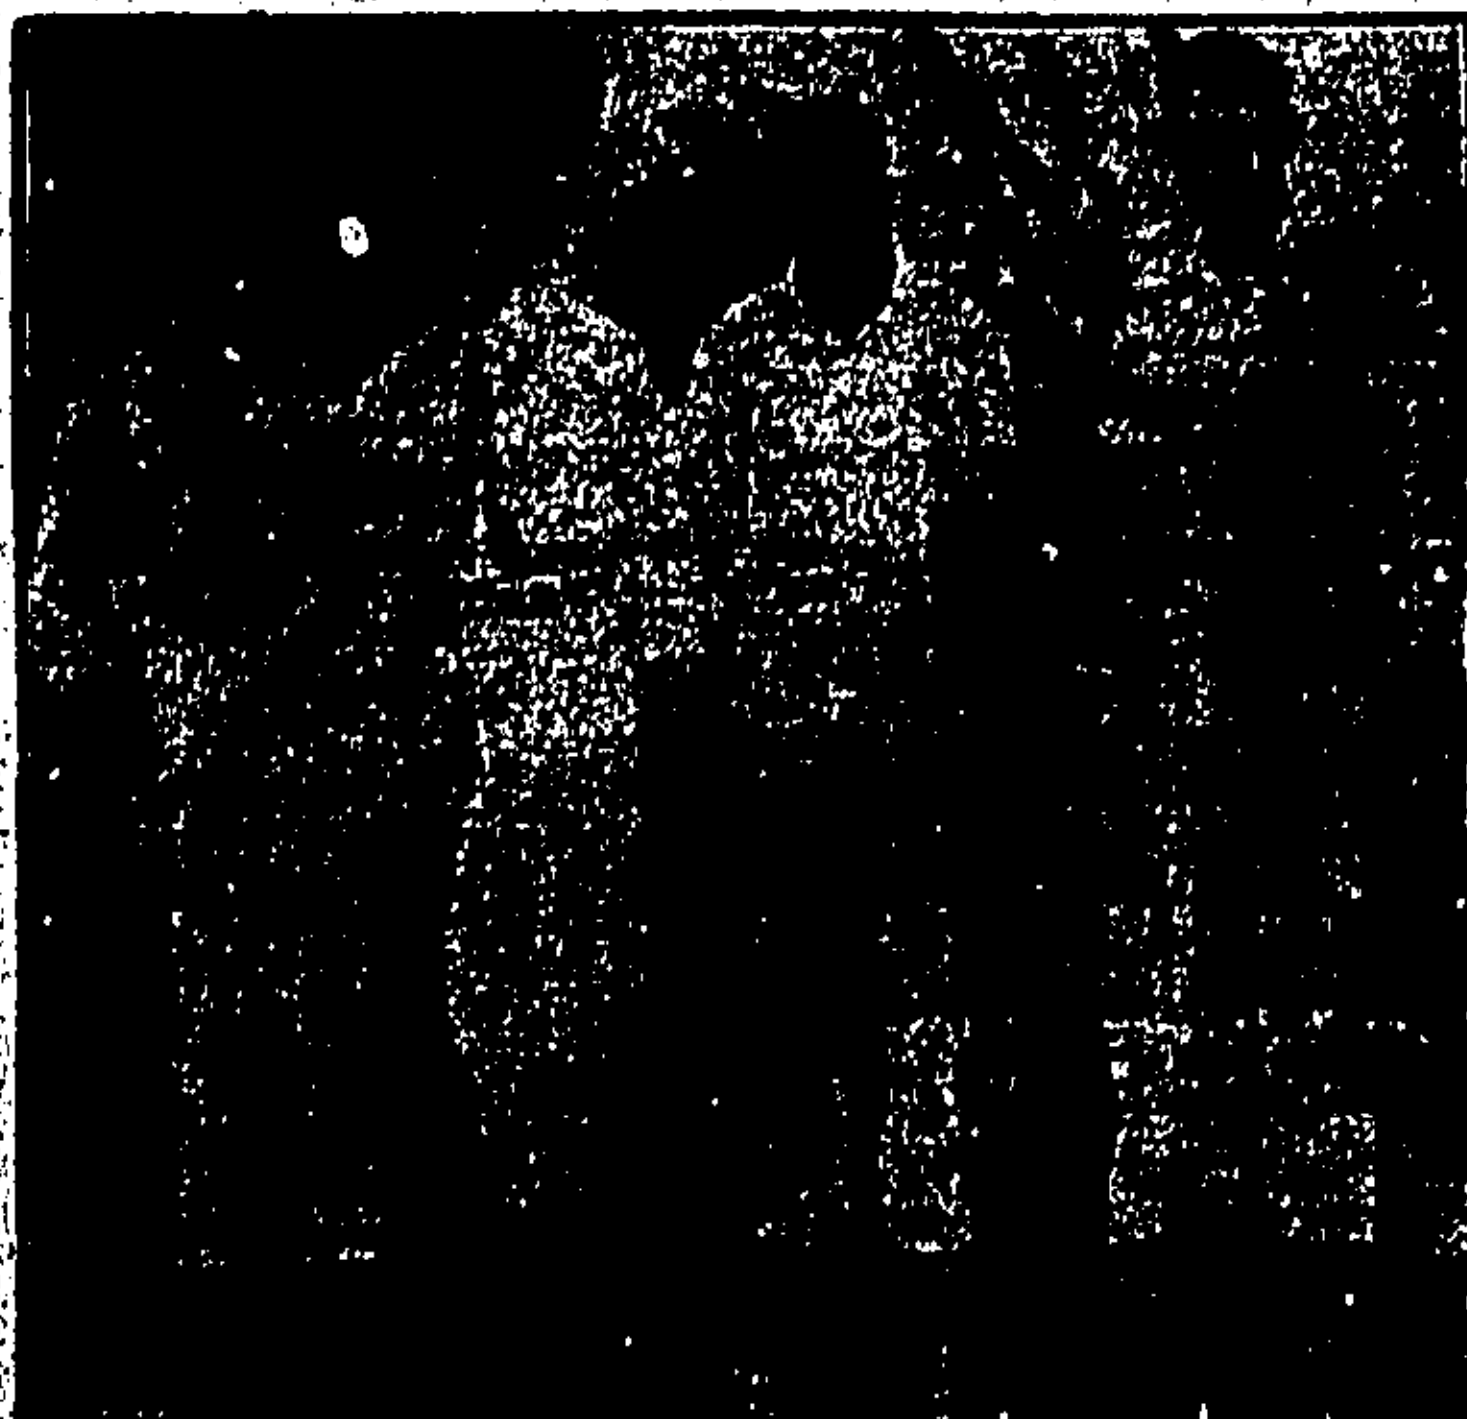

South Americans: 54 for 2.

Lancashire v. All-India XI at Liverpool.

All-India: 57 for 2.

Jack Kearns, the famous American boxing trainer, is one of the Big Brains of Sport, without whom our athletes, numskulls that they are, would never exist. Without managers there would be no boxing, no football. You see that, surely? Without the wisdom of selection committees Test cricket would be impossible. In fact, there would be no sport at all without the Big Brains behind it. —H. G. Lewis.

WORLD HOCKEY CHAMPIONS.

Four members of the Indian Olympic Hockey eleven photographed on board the H.M.S. Maori when they passed through Hong Kong on Thursday on their way to Los Angeles. The Indians are world hockey champions and are very optimistic regarding this year's chance of retaining the title at the Tokyo Olympics.

INTERPORT CRICKETERS HONOURED.

Guests of Hong Kong Cricket Club on Friday Night.

The China Mail learns that a Dinner in honour of the victorious Hong Kong Interport cricket eleven will be given by members of the Hong Kong Cricket Club on Friday night in the Pavilion of the Hong Kong Cricket Club at 8 p.m.

The guests of honour who gained a meritorious victory over Shanghai last month by 42 runs to register Hong Kong's sixteenth Interport win over Shanghai's fourteen will be the following: Messrs. E. J. R. Mitchell (captain), G. R. Sayer (vice-captain), A. C. Beck (team manager), J. E. Richardson, A. C. Hamilton, G. C. Burnett, A. R. Minu, A. H. Madar, E. F. Fincher, P. Madar, W. T. Patterson and D. McLellan (twelfth man).

BOXING FOULS.

The boxing world has again to receive the news of a title changing hands as the result of a foul. Marcel Thil is the new middleweight champion as the result of a foul by Gorilla Jones, the American holder.

Present day boxing has been considerably lowered by the ever-increasing number of fouls, and the New York Association have even gone so far to allow fouls. Canzoneri retained his title against Kid Berg, the British boxer, under these rules. Max Schmeling, the heavyweight champion, however, refused to fight under these rules, and well he might, for did he not win the title from Jack Sharkey on a foul? Berg, however, was in a different situation. He was the challenger, and was forced to accept the American ruling.

Yesterday's foul in a title fight recalls several fouls in the last ten years worthy of mention.

Lewis Unwary.

A hotly-disputed incident occurred when Georges Carpentier, the Frenchman, knocked out Kid Lewis, the British hope, in the first round in 1922. Palmer, the referee, had just spoken to the fighters, and Lewis lowered his guard, probably thinking he was out of distance. Carpentier promptly knocked his opponent out with a straight right to the jaw. The photographs show very clearly what happened, and whether Lewis was taken unawares or not, it was his own fault. Carpentier, owing to the strength of his legs, could land a hard punch at an abnormal distance. The referee, quite rightly, counted Lewis out.

Double Disqualification.

A curious instance of a double disqualification occurred in the contests between Young Stribling, of Georgia, and Primo Carnera, the giant Italian. In the first fight Stribling was disqualified for hitting low, while in the return, which took place in Paris, the Italian lost through hitting Stribling after a round had ended.

Reason for Fouls on Scott.

Phil Scott, the British heavyweight, was probably fouled more often than any other prominent boxer. This was at least partly due to his great height and erect stance, which compelled many of his opponents to go for his body. With the modern practice of swinging blows up at the lower ribs it is obvious that if the other man steps in as the blow at him is delivered, a foul is certain to result.

Past Fighters Triumph.

Tom Sayers, in all his battles, neither won nor lost on a foul, and the same thing may be said of Belcher, and one or two others of the old ring, but of very few modern glove fighters.

EIGHTH EXTRA MEETING

BOTELHO GRADUATES AT LAST MEETING.

MILES THROWN.

City of Shanghai Surprises Punters.

HELVELLYN UNPLACED.

A fitting climax to the first half of the year's racing, was recorded in the last event of Saturday's programme in the Eighth Extra Meeting at the Valley, when Mr. A. A. R. Botelho, piloted Roda's City of Shanghai home to pay \$224.50, the highest dividend of the day.

A bright tone prevailed throughout the day's sport in spite of the weather conditions, and knowing punters were rewarded when good outsiders romped home in all events except three. The rain-sodden ground was not compatible with fast times, and was no doubt instrumental, together with the excellent handicapping, in upsetting the favourites.

One spill occurred in the Nanling Handicap. Gallant Fox, ridden by Mr. W. W. Miles, was crushed on to the rails and fell, throwing the jockey heavily. The pony recovered and galloped on while Mr. Miles was assisted from the course suffering from a burst vein in the right arm.

Mr. A. A. R. Botelho graduated from the Novice's class, when he scored a popular win on Army Hall, the favourite, in the West River Handicap, beating Kate by half a length.

THE RESULTS.

1.—2.00 P.M.—Bohea Handicap.—Winner \$550. Second \$275. Third \$175. BABE RUTH HITS 20TH HOME RUN.

Chicago Clubs Increase Their Lead.

GIANTS JUMP A PLACE.

New York, Yesterday. Babe Ruth took this week-end as a good opportunity to raise his home run score to twenty at the expense of the Cleveland Indians. In yesterday's game he hit one homer, and followed this up with two four-baggers to-day. Jimmy Foxx of the Athletics, however, took a four bagger off the Tigers' pitchers to lead the Bambino by two in the home run parade. Chuck Klein registered his fifteenth homer at the expense of the Cincinnati Reds whilst McNair added two to his score at Detroit.

I had to believe it—this decay is the team's. I saw it all right in the game with Motherwell. Never have I seen such a sickly team as green and white. They talk about the Celtic spirit still being evident. That's all fudge. There is no Celtic spirit these days—that's the reason for the decline. The Parkhead officials have had the spirit knocked out of them by this season's amazing run of defeats. When McGraw was at the helm, the Yankees were the only team that could beat the Celtic spirit. I played out a long time writer.

GARRISON BILLIARDS CHALLENGE CUP

R.A.O.C. Qualify for the Final.

ARGYLL TEAM BEATEN

The Royal Army Ordnance Corps have qualified to meet the H.Q. Wing, South Wales Borderers, in the Final of the Garrison Billiards Challenge Cup. On Thursday evening they defeated "C" Company, Argyll and Sutherland Highlanders by 898 to 678.

S/Sgt. Clark registered the highest break in this semi-final game when he scored 81 against Cpl. Stewart, whom he beat by the narrow margin of 10 points.

Pte. Pitt also scored a good break when he rattled up 27 against Cpl. Alexander, who was badly outclassed by his R.A.O.C. opponent and lost by 98 points.

Full results were as follow:—
S/Sgt. Clark (R.A.O.C.) 150
Cpl. Stewart 140

L/Cpl. Redmond (R.A.O.C.) 150
Pte. Jeffrey 83

Pte. Pitt (R.A.O.C.) 150

C/Sgt. Farquhar (R.A.O.C.) 148
L/Cpl. McIlroy 180

Lt. B. E. Parke (R.A.O.C.) 150
Pte. Conway 131

A.Q.M.S. Turney (R.A.O.C.) 150
Pte. McLeod 130

The commonest error among golfers is holding the club at the extreme end of the shaft. There should, however, always be a certain amount of leather protruding above the hands. A good many players find that gripping about the middle of the leather helps them to bring the club-head sweetly through the ball. If one end of the leather grip is to be preferred to the other, it should be the lower end.—H. Stuart Hobson.

The ball must never be played over the heads of the forwards, but right to their feet. Every kick, whether the ball is dead or on the move should be studied and not made haphazard. If it is not possible to give it to the forwards, give it to the half-back, or even to your partner.—Alex. James.

Real Fight Begins.
But the real fight was only just beginning. When Mishu returned to his first-set form his opponent's failure to deal summarily with loop drives invested with top spin was again illustrated, and he was

BRITONS IN DAVIS CUP

MISHU'S FINE EFFORT FOR ROUMANIA.

Five-Set Match With David.

SKILFUL LOBBING.

(By A. Wallis Myers.)

Torquay, May 16. Opposed to Roumania in the two remaining singles matches, Great Britain, already winners, increased their majority to-day into a five-love margin, and thus opened their Davis Cup campaign as they did last year, with a clean sheet.

But an overflowing Bank Holiday crowd got full value for their money, first from a critical five set encounter between Mishu and David, and then from an exhilarating spell by Perry, who defeated Pontieff in three quick sets.

By keeping David in the court for over two hours, Mishu not only saved the honour of his country but vindicated his reputation as a resourceful strategist and plucky fighter. He was giving away a dozen years, and in the longer rallies, often ran himself to a standstill. Yet a style of play which at its best a decade ago embarrassed many champions nearly compassed the defeat of an athletic young Englishman.

Fresh and crafty, and imposing unorthodox tactics on a player who prefers straight-from-the-shoulder hitting, Mishu won the first five games out of six. He used the loop shot to recover position and sometimes found David meek and shaky in his returns, and caught him out several times with low half-court strokes to his forehead.

Then David stiffened under the ordeal, discovered Mishu's lobbs losing their length, and was able to win three games with more confidence. The Roumanian, however, went out at 6-4 with "the mixture as before." This initial and perhaps unexpected success left Mishu in some physical distress. With the pressure easing and his own spirit bracing David took the second set to love.

Real Fight Begins.
But the real fight was only just beginning. When Mishu returned to his first-set form his opponent's failure to deal summarily with loop drives invested with top spin was again illustrated, and he was

soon 4-1 down. Mishu was breaking his slow service as usual, and this lack of provocation in the initial blow seemed to paralyse his opponent. But David has plenty of grit in his character, and he pulled up to save and win the third set, although Mishu was only two points from snatching it in the tenth game.

Stimulated by the ten minutes' interval, Mishu played his best tennis in the fourth set, in which he had two breaks of three games. David's length was often very poor, and he seemed incapable of producing a forcing shot of genuine merit, while his lapses on the forehand when the ball was swung over in that direction multiplied.

When Mishu had captured the first two games of the fifth set and led 40-15 on his service, David did not look like a winner. But his doggedness and stoicism saved him. Mishu served a double fault, his only one of the match, to lose the faithful third game, and then David, how guarding his lines more firmly and making some good volleys, went ahead to 4-2. He played the seventh game badly, but averted the loss of the long eighth and led 5-3.

Heroic Bid To Square.

Mishu made an heroic bid to square the match and came within a stroke of 5—all. He took every fast service like a champion. But in the final phase David was just too youthful in his strokes, pulling out some of his best backhand drives when their advent was vital.

The match in its application of insidious guile to an opponent not too canny in facing it, reminded me, as it may have reminded Roper Barrett, the British captain sitting by the umpire's chair, of "Barretting," as we used to see it at the old Wimbledon.

Pontieff had no chance against Perry, but hit the ball just hard enough, especially on the forehand, to extract a maximum of speed from his executioner. The encounter was soon over, but it gave a West of England crowd the opportunity of witnessing one of the world's leading players in action.

There is an atmosphere about the Twickenham ground that stimulates Englishmen. Those of us who have stood on that green sward for those few minutes before a game begins have felt its electric influence.—R. Cove-Smith.

News in Brief.

One case each of diphtheria and typhoid fever were notified yesterday.

Whilst lowering the junk's sampans off Sham Shui Po yesterday afternoon, a fok, named Lam Chung-ning, missed his footing and fell into the harbour. His body has not been recovered yet.

At to-morrow's meeting of the Rotary Club, Mr. C. W. Jeffries, will speak on "These Weather Prophets and Storm Warnings." Mr. R. St. C. Braddell, President of the Singapore Rotary Club, will be a guest at the meeting, and, it is hoped, will speak.

A stone-breaker, Tang Tun (83) who slipped and fell from the sea wall at the Sham Shui Po Camp on 17th inst., has today been injured by a rock falling from the wall on his leg and head. He was taken up by a boat from the Arsenal and taken to the Hospital, where he is now being treated.

The team has been financed by public subscription, with the exception of AH, who has been sent at the expense of the University of Cambridge. Thomas, whilst Mr. Barrow's expenses are being paid by the University of the Philippines, All eight of the competitors are participants in the Far Eastern Olympiad in 1922.

This is the third time that the swimmers have entered representative teams for a World Olympiad. On that occasion they modestly lost, but one representative, a Kifan, did not appear.

In 1926, we sent a team of four to Paris and gained two places.

The swimmers are of the opinion that the water at Los Angeles will be better for performances, as it is cooler, and more exhilarating than what they are accustomed to in Hong Kong. They will also be in the Y.R.C. which has a diving tank, and their disposal of the team will leave Shanghai as a base for the way to Los Angeles.

The order was compiled with and the third defendant stamped the chop of the Wong Tai-foi firm, 7 Wo Fung Street, as security.

Later, folk discovered that both places were vacant. A warrant was issued for their arrest and with the co-operation of the Canton police the three defendants were taken into custody.

First defendant was sentenced to three months' hard labour while the second and third defendants received two months' hard labour.

FOREIGN MINISTER UCHIDA.

Appointment Almost Certain.

Tokyo, To-day. It is regarded here as practically certain that Count Uchida, the President of the S.M.R., will accept the Foreign Ministry as soon as the present Special Session of the Diet ends, and that Count Kabayama will succeed him in the Presidency of the S.M.R.

Yesterday evening Viscount Saito conferred with General Araki, the Minister for War, over various issues, including an early recognition of the Manchukuo and the unification of the various "Japanese administrations in Manchuria."

No statement was issued as to whether any decisions were reached.—Reuter.

GERMAN CIRCUS TURNED AWAY.

CLAIM FOR DAMAGES FROM BRITISH GOVERNMENT.

London, May 8. A diplomatic incident between Great Britain and Germany has arisen over the refusal of the British authorities to give a landing permission to the German travelling circus Gleich which is scheduled to arrive at Hull tomorrow.

The circus management had originally been given permission to tour England and the last minute change in the attitude of the Home authorities is said to be due to the threat of Conservative members of Parliament to force a division on the subject in the House of Commons.

For some weeks past, British exhibitors have been protesting against the projected admission of their German competitor, but these protests were ignored until last week a deputation of Conservative members waited on the Minister of Labour and intimated that they would challenge the Government in the House unless permission to land was rescinded.

The German Ambassador, Baron von Neurath, officially protested against the exclusion of the circus on the grounds that it was incompatible with the Anglo-German Commercial Treaty. The circus administration has lodged a claim for damages against the British Government, alleging that it had already spent \$6,000 on preparations for the projected tour and that, moreover, the sudden reversal of the attitude of the Home authorities had put it to great additional expense.

ROCK DISLODGED.

Caused by Heavy Rain.

COOLIE KILLED.

Owing to the incessant rain that has fallen during the past few days, a piece of rock was dislodged from the hillside yesterday afternoon, and hurtled down, hitting a coolie, Pang Chau, on the head as he was entering the rear of 1, Robinson Road.

He sustained a fracture, from which he succumbed in the Government Civil Hospital last night.

MUST BANK CLERKS BE ARMED?

Cause of Increase in Violent Crimes.

London, May 6. "The bank man is now figuratively and actually in the firing line—he is suffering more than any other class in this lawless epoch" declared Mr. McKay, President of the Scottish Bankers' Association at the annual delegates' meeting at Stirling.

Mr. McKay continued: "I do not believe in arming staffs with revolvers. That is a setback to the hands of time. If bandits knew staffs were armed attacks would be all the more desperate. In any case the revolver is a poor weapon compared with the sawn off shotgun."

"To the motor bandit all that stands between him and possession is frail youth. Nothing less than the removal of the cause of brigandage will bring security to the bank man."

Mr. McKay added that some banks had ended the one-man bank system, but others still risked having men's blood on their hands by exposing isolated men to unnecessary risks.

The tremendous increase of crimes of violence against banks and bankers was due to the economic ills of unemployment, want and desperation.

On the other hand Scotland Yard officials point out that many hold-ups are due to the habit of business men transferring large sums to banks with clockwork regularity each week so that the bandits know just when and where to attack. A raid of this description occurred at the Royal Oak railway station this week when bandits snatched a bag containing \$735 in wages from the stationmaster and rushed away in a powerful car which was later found abandoned. Several bandits had followed the stationmaster and checked his movements to a second.

POLICE RESERVE.

Orders for the Current Week.

Orders by the Hon. Mr. T. H. King, Inspector General of Police, are as follows:—

Letter of Appreciation. The following letter has been received by the Inspector General of Police from His Excellency the Officer Administering the Government and is published for information of all officers concerned:—

"I should like to thank you for the very successful arrangements made by the Police in connection with the Review and with the reception at Government House on the occasion of His Majesty's Birthday. I shall be glad if you will convey an expression of my appreciation to all concerned."

Chinese Company. Training Course—Part II.—All recruits will attend at the Chinese Company's Headquarters on Tuesday, June 14 at 5.30 p.m. for instruction.

Training Course—Part I.—All recruits of the Chinese Company will attend Central Police Station for Squad Drill on Thursday, June 16 at 5.30 p.m.

Revolver Practice.—Revolver practice will be carried out by members of the Chinese Company on the Kennedy Road Range on Wednesday, June 22 at 5.30 p.m. under Sub-Inspector A. L. Hopkins. All members who have been detailed will assemble at the Range at that time.

Indian Company. Revolver Practice.—Revolver practice will be carried out by members of the Indian Company on the Kennedy Road Range on Wednesday, June 15 at 5.30 p.m. under Sub-Inspector A. L. Hopkins. Members will assemble at the Range at that time.

Reserve Emergency Unit. The Inspector General of Police and Deputy Superintendent of Police (Reserve) record with great regret, the death of Mr. E. R. Dovey on June 8. Mr. Dovey had been in Command of the Sharpshooters Company (Reserve), now changed to the Emergency Unit (Reserve), since its inception in 1927.

Notice.—A meeting of all members of the unit will take place on Thursday, June 16 at 8.30 p.m. at the Chinese Company's Headquarters, 17, Queen's Road Central. All members are requested to make a particular point of attending.

Sgt. D. L. King, D.S.P. (R). Hong Kong, June 12, 1932.

RELIGIOUS IMPULSE.

Japanese Makes 194 Circuits of Temple.

TAI HANG INCIDENT.

Noticing a male Japanese walking up and down constantly, near the Tai Hang Temple in the early hours of yesterday morning, a Chinese detective arrested him as a "suspicious loiterer."

When taken to the Bay View Police Station, the Japanese explained that he was obeying a religious impulse to walk round the Temple 200 times.

He had completed 194 rounds, and requested that he would be allowed to finish. The Police officer on duty advised the Japanese to return home.

U. S. PRESIDENTIAL CAMPAIGN.

"Dry" Leaders May Boycott Election

Chicago, Yesterday. Trouble over prohibition is expected at the Republican National Convention which is opening here on Monday to re-nominate Hoover as Party candidate for the Presidency.

Many prohibitionists are disturbed by reports that President Hoover is disposed to favour re-submission. It is also suggested that "dry" leaders may boycott the presidential campaign and concentrate on electing "dry" congressmen, regardless of party.

The proposal to invite Senator Borah to head the independent "dry" party appears to be hanging fire.—Reuter.

SIR V. SASSOON FINED \$150.

U.S. Paper's Report of a Customs Raid.

Under the heading, "Honolulu Customs Needs Drink of Common-sense," the Shipping Register of San Francisco, states:

Being accustomed to genuine liquid refreshments with his meals, which are tabooed by the prohibitionists, while meretricious bootleg flows madly along on the river of crime, and can be had anywhere afloat or ashore, a foreign globetrotter, while at Shanghai, had laid in a case of beer and a case of wine to take care of his needs until he reached the humorous twelve-mile limit outside the Golden Gate.

Another curious inconsistency of the dry law. The customs service at Honolulu not only seizes his beer and wine, but assessed him a fine of \$150. They said it would have been all right if the bottles had been displayed on his writing-table in the stateroom. The traveller, an international banker, took his loss philosophically however, saying on his arrival at San Francisco that he found plenty of other potatoes aboard wherewith to wet his whistle the remainder of the voyage, although not so good as his private stock.

He got quite a laugh out of the situation he stated. When he returns to the foreign capitals which he frequents, no doubt the laugh will be transmitted to his friends, and the laugh will be on the Hawaiian customs.

It is further reported that Sir Victor Sassoon, of London, the international banker, who was a passenger aboard the President Coolidge, proceeding from Shanghai to San Francisco, was the passenger concerned. He was arrested and deposited \$150 as bail, but did not appear before the judge, smilingly stating that it was quite a joke and that he was unaware he was "breaking any jolly American laws."

POST OFFICE NOTICE.

It is notified for information that from June 13 inclusive the rate of postage on letters addressed to Macao and China proper, excluding Sinkiang, Mongolia and Tibet will be 5 cents for each ounce or fraction thereof.

OSTEND HERO'S
ESCAPEComdr. V. A. Crutchley,
V.C., Has Narrow Shave

INCIDENT ON DIOMEDE

While H.M.S. Diomedé was returning from Sydney, where she had been attending the opening of the new Harbour Bridge, Able Seaman Ribbins, an Imperial rating, was swept overboard by a huge wave. He was drowned.
Commander Victor Alexander Crutchley, V.C., and two seamen narrowly escaped sharing his fate. Overwhelmed by the wave which caught Ribbins, they managed to cling to the deck fittings.
H.M.S. Diomedé is a cruiser of 4,765 tons, and carries 450 officers and men. Laid down under the emergency war programme in 1918, she was transferred to the New Zealand Division in 1924.
Commander Crutchley was awarded the V. C. in 1918 for his bravery during the unsuccessful attempt of the British Navy to block Ostend. He was First Lieutenant in the Vindictive, and when the commanding officer had been killed he took command of the ship which was sunk between the piers of Ostend Harbour.
The crew was rescued by the M.L. 264, of which vessel Commander Crutchley also took command when the submarine's officers were killed or wounded. The vessel, which was under heavy fire, was full of wounded and was sinking. Commander Crutchley's "indomitable courage" kept the ship afloat until she was picked up by H.M.S. Warwick. In addition to the V.C., Commander Crutchley received the

STRANGE AIR CLUBS

Fighting aeroplanes attached to the navy have now made more than 10,000 successful landings on the decks of warships at sea, enabling 100 pilots to qualify as members of the quaintly named "Perch Club."

Membership of the "Perch Club"

(says the London correspondent of the Manchester Guardian) is only

open to pilots of certain planes who

have made at least 100 successful

landings on the decks of warships.

Unsuccessful candidates for the

"Perch Club" may perhaps qualify

for the "Fallings Club" by colliding

with the pallings round the edges

of the landing deck as the result

of poor judgment in alighting,

while for the more highly skilled

there is the "Nightjar Club" for

those picked pilots who made deck

landings by night.

HONG KONG TIDES.

The time used is Standard, or mean time of the meridian of 120° East. 1200h. is midnight, 12hrs. is noon. The heights are referred to the datum of the largest scale Admiralty chart of the place and should be added to the depths given on the chart unless preceded by an asterisk (*), when they should be subtracted from the depths.

THE THRIFTY BRITISHER

Amazing Total of Small Savings.

416% INCREASE SINCE 1911

London, Saturday. A remarkable increase in the amount of savings of all kinds by small investors, was revealed at the National Savings Assembly, at Blackpool. Major-General the Rt. Hon. J. E. B. Seeley, Chairman of the National Savings Committee, stated that in 1911 the total of small savings amounted to £492,000,000, or £12 per head of the population.

In 1916, when the National Savings movement first came into being with the formation of the National War Savings Committee, the total small savings had increased to £687,000,000, an average of £16 per head.

In the five years from 1916 to 1921 the figures were doubled, reaching £1,418,000,000 or £33 per head of the population. By the end of 1931, in spite of the difficult period, the total small savings had risen to the amazing figure of £2,244,000,000, or £50 per head of the population. — British Wireless Service.

MR. T. V. SOONG RETIRES

Balancing National Finances.

STATE'S FIRST DUTY

Shanghai, Saturday.

Mr. T. V. Soong, in one of the most eloquent statements ever issued by a retiring Minister, recapitulates the measures which averted the threatened moratorium and collapse of Government finances, and says that during the past four months the Government had been able to balance its income and expenditure and dispense with borrowing.

He asserts that the liquidation of the Shanghai affair closed another chapter in National finances, and as he feels unequal to the strain of further office, he has resigned.

Mr. Soong adds that there was no denying that the first duty of the State is the liberation of the Yangtze Provinces from the ravages of the Communists and Bandits.

Two Ways of Raising Funds. Normally, he says, there are two ways of raising funds, namely, taxation and borrowing. In the present circumstances addition taxation was not justifiable, while in borrowing lies ruin, in the form of political instability and ultimate disaster.

In a statement which is very lengthy Mr. Soong does not say anything to confirm reports that he is resuming office.

"EGYPT" OPERATIONS SUSPENDED.

Salvage Ship Returns
to Port.

ROUGH SEAS PREVENT DIVING.

Brest, To-day.
The Italian salvage ship, Artiglio II, has returned to Brest, from the wreck of the sunken P. & O. liner Egypt, owing to rough seas.—Reuter.
After many attempts Italian divers, succeeded in opening the strong room the Egypt on June 10, when aided by bombs they blew out the ceiling. The first article to be recovered was a note-case containing R.15,000 and it was hoped that all the valuables would be removed in a few days.
It is three years since the wreck was located, and since then many attempts to salvage the bullion, which is valued at more than £1,000,000, have been made.

JAPANESE REVERSES.

Anti-Manchukuo Re-
Capture Pinhsien.

MA'S TROOPS MASSING.

Harbin, To-day.
The anti-Japanese forces recaptured Pinhsien, fifty miles east of Harbin, and the Manchukuo troops are retreating.
Anti-Manchukuo troops to-day attacked Yungovitch, on the C.E.R. eight miles south of Harbin, interrupting communications for five hours.

According to Japanese information, other skirmishes are taking place north of Harbin, while General Ma Chan-shan is massing strongly to the north-west of Harbin, but at a considerable distance from the city.—Reuter.

Severe Battle Near Harbin.
Harbin, To-day.
Artillery and rifle fire was clearly audible here as a severe battle raged during the night in the vicinity of Harbin.

As the anti-Manchukuo troops advanced, several units of the Chinese forces opposing them mutilated, joining their erstwhile enemies.

The anti-Manchukuo forces succeeded in defeating the Japanese to the south of Harbin, but later the Japanese rallied and counter-attacked. Exhausted and hard-pressed, the anti-Manchukuo army retreated as morning approached.—Reuter.

JUNTA MEMBER RESIGNS.

New York, Yesterday.
Don Carlos Davila, one of the three members of the Republican Socialist party of the Chilean Junta has resigned.—Reuter.

KIANGSU GOVERNMENT RESIGNS.

Shanghai, To-day.
It is reported that owing to financial difficulties, the Kiangsu Provincial Government, under the Chairmanship of General Ku Chuntung, has resigned en bloc.—Reuter.

LAUSANNE CONFERENCE

Continued from Page 1

It is known that Mr. Stimson and his colleague feel that reduction, or even cancellation, of war debts is inevitable, but for domestic reasons they have not said so publicly.

CRISIS IN AUSTRIA.

Paris, To-day.
The crucial financial position in Austria is one of the main topics of to-day's Anglo-French conversations, according to French semi-official quarters. The Bank of England has already granted Austria credit of 100,000,000 shillings, and Great Britain considers that it is now up to the other interested nations, such as France and Italy to assist Austria.

France is prepared to do so, provided that international operation is secured for the economic financial position of the Danubian countries, the one decided idea being that Austria should first benefit from such a scheme, in view of the urgency of her needs.

Successful Prelude.

Paris Earlier.
That the successful prelude to the Lausanne Conference will act as a tonic for the anaemic Disarmament Conference at Geneva is how Mr. MacDonald's visit is hailed.

It is thought that a cut and dried two-Power agreement was not sought, but the aim was rather for a convergence of attitudes after a searching survey.

Preparations were the keynote of the discussions, and it is believed now that both Governments agreed that an extension of the German moratorium was inevitable, but that it should be effected in conditions avoiding unilateral denunciation of obligations.

VIOLET SHARPE'S SUICIDE.

(Continued from Page 1.)

Scotland Yard's Decision.

London, Yesterday.
The Scotland Yard detectives who interviewed Emily (not Edith) Sharpe, at her home in Beecham, Berkshire, declared they are satisfied that she knew nothing about the Lindbergh case.—Reuter.

Brinkert's Alibi.

New York, Later.
Brinkert has established an alibi. Dr. Condon now says he does not recognise Brinkert.—Reuter's American Service.

Brinkert Identified.

White Plains, N.Y., Yesterday.

After the arrest of Ernest Brinkert, the companion of Violet Sharpe, the maid who committed suicide, on the night of the kidnapping of the Lindbergh baby, the Police report that Dr. Condon identified a photograph of Brinkert as that of the man to whom he had paid \$50,000 on behalf of Col. Lindbergh.—Reuter's American Service.
